## India Meteorological Department (IMD) and the State government:

- Tamil Nadu began exploring artificial rain-making (cloud seeding) in 1970 under discussions between the India Meteorological Department (IMD) and the State government.
- The first trials were held in 1973 around Tiruvallur by the Indian Institute of Tropical Meteorology (IITM), but no conclusive results were achieved. In 1975, a Canadian firm conducted cloud-seeding operations over Chennai and the Nilgiris at a cost of ₹12 lakh, reporting around a 20% increase in rainfall.
- In 1983, another series of operations was carried out by an American team led by Thomas Henderson, costing ₹26 lakh, followed by more trials in 1984. The State government purchased an aircraft in 1983 for cloud-seeding. In 1993, new trials were conducted, but scientists concluded that the rainfall increase did not exceed 20% above normal levels.

2025, November 9-10

### National Legal Services Day:

- India, the world's largest democracy, guarantees equality before the law and equal protection of laws under its Constitution. However, due to economic and social barriers, many citizens struggle to access justice.
- To bridge this gap, the Legal Services Authorities Act, 1987, was enacted, leading to the establishment of Legal Services Authorities at national, state, and district levels. Since its implementation on November 9, 1995, the day is celebrated as National Legal Services Day, promoting legal awareness and access to justice for all.

### World Science Day for Peace and Development:

- Every year on 10 November, the world comes together to celebrate the World Science Day for Peace and Development. Established by UNESCO in 2001, this global observance promotes the crucial role science plays in fostering peace, solving pressing global challenges, and improving human life.
- The 2025 theme, "Trust, transformation, and tomorrow: The science we need for 2050." calls on students and young minds to actively explore how scientific thinking and creativity can shape a more peaceful and sustainable world.

- World Kindness Day is observed every year on 13th November to promote the importance of being kind to one another, to yourself, and to the world. The day was introduced in 1998 by the World Kindness Movement (WKM), a coalition of nations formed to inspire individuals towards greater kindness and humanity.
- It encourages individuals and communities to perform acts of kindness, promote empathy, and create a more compassionate world through small but meaningful gestures.

## A scintillometer:

- A scintillometer is an optical instrument that measures heat and moisture exchange between the land and the air. It was installed at the Tamil Nadu Rice Research Institute (TRRI), Aduthurai.
- The instrument is part of the Critical Zone Observatory (CZO) under the Tamil Nadu Agricultural University (TNAU) with support from the National Centre for Earth Science Studies (NCESS).
- The observatory has been fully operational since 2022 and is the only one of its kind in Tamil Nadu. The data helps improve irrigation planning, climate forecasting, and research on water cycles and climate-smart farming in the Cauvery delta.

- In a bold stride towards advancing deep-sea science, India has announced plans to construct the world's deepest underwater research laboratory at a depth of 6,000 metres beneath the Indian Ocean.
- This cutting-edge facility will form a key part of India's Vision 2047, marking the nation's 100th year of independence with a global scientific milestone. The deep-sea habitat is envisioned as an oceanic version of the International Space Station (ISS). Initially, the mission will begin with a demonstrator module at 500 metres, designed to host three scientists underwater for over 24 hours.
- This will test life-support systems, pressure resistance, and logistical support mechanisms. Once proven viable, this demonstrator will pave the way for the 6,000-metre full-scale habitat, which will be the deepest ever human-occupied research structure in marine history.

**GI:**

- In a landmark move aimed at preserving India's rich cultural heritage, the Government of India has granted Geographical Indication (GI) tags to two traditional Lepcha musical instruments — Tungbuk and Pumtong Pulin.
- This official recognition places these folk instruments among the distinguished products that enjoy legal protection and cultural prestige under India's GI registry.

### National Press Day:

- National Press Day, observed every year on 16 November, celebrates the foundational role of the press as the fourth pillar of democracy. It highlights the enduring values of freedom of expression, ethical journalism, and public accountability. National Press Day commemorates the establishment of the Press Council of India (PCI) on 16 November 1966.
- Originally formed under the Indian Press Council Act, 1965, and reconstituted in 1979 under the current Press Council Act, PCI serves as an autonomous statutory body to protect press freedom and uphold journalistic standards.

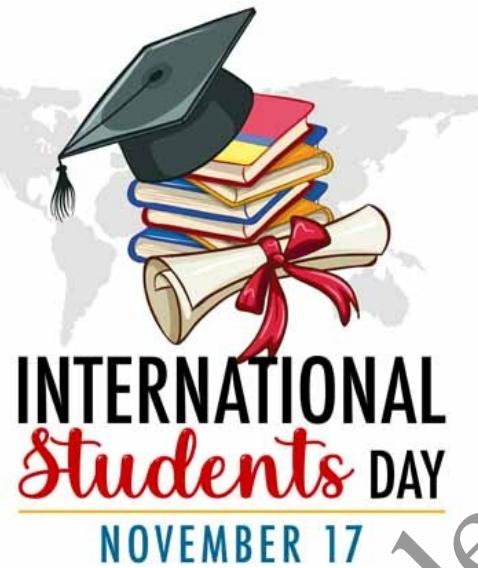

### International Students' Day:

- International Students' Day, observed on November 17, might seem like a day of cultural programs, seminars, or campus celebrations. But its true origin is far more powerful and poignant.
- This day is rooted in the tragic yet courageous uprising of Czech students in 1939 Prague, who stood against Nazi oppression during World War II — an act that cost many their lives and freedom but sparked a global symbol of resistance and student solidarity.

## Indira Gandhi:

- Indira Gandhi's 108th birth anniversary, observed on 19th November 2025, is a moment to remember the life and work of India's first and only woman Prime Minister. Known for her bold decisions and strong leadership, she played a major role in shaping modern India. Born on November 19, 1917, she continues to inspire people even today.
- Indira Gandhi was born in Allahabad to Jawaharlal Nehru, India's first Prime Minister, and Kamala Nehru, a freedom fighter. Growing up in a political family deeply involved in the freedom movement, she learned about public service from a young age.
- In 1966, after the sudden death of Lal Bahadur Shastri, the Congress Party chose Indira Gandhi as the Prime Minister. Many politicians thought she would be weak because she was a woman, but she proved them wrong through her strong decisions. She served as Prime Minister from 1966 to 1977, and again from 1980 to 1984, making her the second longest-serving Prime Minister of India after Nehru.

### Colombo Security Conclave:

- In a key development for regional security cooperation in the Indian Ocean, Seychelles has officially joined the Colombo Security Conclave (CSC) as a full member. The announcement came during the 7th National Security Adviser (NSA)-level meeting held in New Delhi on 20 November 2025, under the chairmanship of India's NSA Ajit Doval.
- The Conclave, which already includes India, Maldives, Mauritius, Sri Lanka, and Bangladesh as members, continues to expand its influence as a platform for multilateral collaboration across various dimensions of security. The Colombo Security Conclave is a multilateral regional grouping established to enhance cooperation in the Indian Ocean Region (IOR).

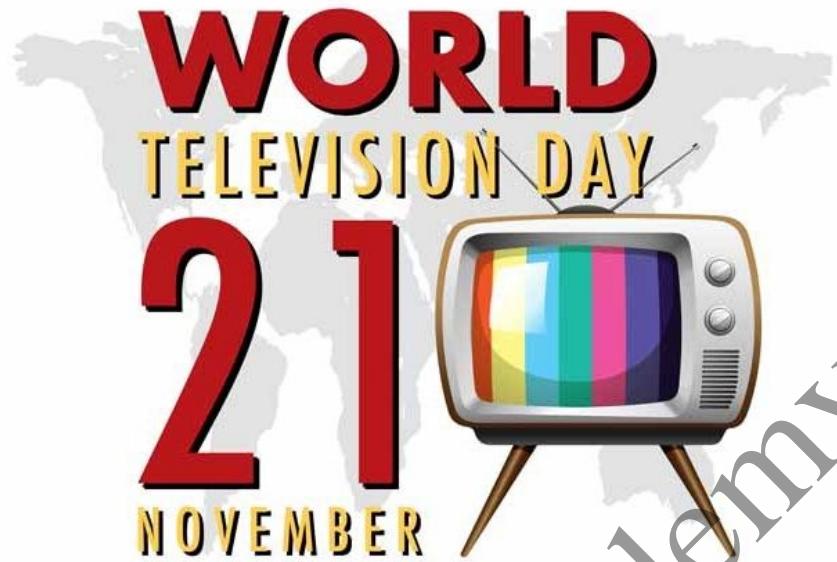

### World Television Day:

- Observed annually on November 21, World Television Day 2025 celebrates the enduring impact of television on global communication, education, and entertainment. Recognized by the United Nations, the day underscores how television remains one of the most powerful tools for shaping public opinion, fostering cultural understanding, and promoting global development.
- In an age of digital saturation, World Television Day reminds us of the unique space television still holds as a trusted source of information and a unifying cultural force across the world.

## **Defence:**

- India has achieved a historic milestone in its journey toward defence self-reliance. In the financial year 2024-25, the country recorded its highest-ever defence production at ₹1.54 lakh crore, alongside defence exports that soared to ₹23,622 crore. This sharp rise highlights India's shift from being a defence-importing country to an emerging defence manufacturing and exporting hub.
- For competitive exam aspirants, this development is a major current affairs highlight, encompassing themes of economics, national security, and industrial policy. Historically, India has been among the top importers of defence equipment.
- Overdependence on foreign suppliers not only strained the exchequer but also posed strategic vulnerabilities during conflicts and global supply disruptions.

- From 21 Nov 2025, India's four Labour Codes—Code on Wages (2019), Industrial Relations Code (2020), Code on Social Security (2020), and Occupational Safety, Health & Working Conditions Code (2020)—replace 29 existing labour laws. Codes ensure minimum wages for all, social security for gig, platform, contract, and migrant workers, and mandatory appointment letters for formal employment.
- Women can work on night shifts and in all occupations with safety measures; gender pay equality and anti-discrimination laws have been strengthened. Employers must provide free annual health check-ups, timely wage payments, and social security benefits nationwide. Single registration, licence, and return simplify compliance, while national standards improve occupational safety and industrial welfare.
- Codes expand protections to youth, MSME, plantation, audio-visual, IT, dock, export, hazardous, and textile sector workers, boosting employment, social security, and worker dignity.

## Assam government:

- In a significant move towards personal law reform and women's rights protection, the Assam government introduced The Assam Prohibition of Polygamy Bill, 2025 in the Assembly on November 25, 2025.
- Chief Minister Himanta Biswa Sarma tabled the bill, fulfilling a promise made in 2023 to eliminate polygamy through legislation.
- This action follows Assam's earlier initiative to conduct a statewide survey on polygamy in 2023, which indicated the need for a legal framework. The bill reflects Assam's approach to tackling gender inequality and misuse of personal laws, particularly where polygamy has caused distress among women.

### International Jaguar Day:

- International Jaguar Day, observed annually on November 29, is a global event dedicated to raising awareness about the conservation of one of the world's most iconic big cats — the jaguar (*Panthera onca*).
- Celebrated across nations, the day highlights the importance of jaguars not just as majestic predators, but as umbrella species, vital for maintaining biodiversity and ecological balance in the Americas.
- With increasing threats such as deforestation, poaching, and habitat fragmentation, this day draws international attention to efforts needed to secure the future of this near-threatened species.

### MH-60R Seahawk:

- India has taken a significant step in bolstering its naval capabilities by signing a ₹7,900 crore agreement with the United States for the comprehensive sustainment of its MH-60R Seahawk helicopter fleet.
- This high-value deal was formalised under the Foreign Military Sales (FMS) programme and marks a major stride in ensuring long-term support for one of the Indian Navy's most advanced rotary-wing platforms.
- The deal includes Letters of Offer and Acceptance (LOAs) signed between the Ministry of Defence and the US Government in New Delhi. It underscores the growing strategic
