1. Sandip Pradhan Takes Charge as Whole-Time Member at SEBI

The government has appointed Sandip Pradhan, a 1990-batch Indian Revenue Service officer and Director General of Income Tax (Investigation) in Pune, as a Whole-Time Member of Securities and Exchange Board of India for a three-year term or until further orders. His appointment is expected to strengthen the board's regulatory leadership, particularly in tax-linked financial oversight, market surveillance, and corporate governance enforcement.

2. Amit Agrawal Named as India's New Telecom Secretary in Major Bureaucratic Changes

The government has appointed Amit Agrawal, a 1993-batch IAS officer of the Chhattisgarh cadre and former Secretary of the Department of Pharmaceuticals, as the new Secretary of the Department of Telecommunications (DoT). He replaces Neeraj Mittal who has moved to lead the Ministry of Petroleum and Natural Gas. Agrawal's extensive experience in digital governance, electronics, finance and the Unique Identification Authority positions him to lead spectrum management, infrastructure rollout and regulatory coordination in a key

sector undergoing transformation.

3. Government to Unveil Updated National Accounts Series for GDP from 2026

The government will release a revamped series of national accounts for the Ministry of Statistics and Programme Implementation (MoSPI) on 27 February 2026, using fiscal year 2022-23 as the new base year. The overhaul introduces updated data sources, refined methodologies and an Advisory Committee chaired by B. N. Goldar to guide inclusion of LLPs, government-provided housing imputation and sector deflator revisions. The goal is to better capture India's evolving economy for policy and analysis.

4. India's Forex Holdings Expected to Hit New Record Levels Soon

India's foreign-exchange reserves have surged to about US \$676.3 billion as of early April 2025, marking the highest level in five months and continuing a multi-week build-up. The rise reflects sustained inflows and valuation gains in foreign currency assets held by the Reserve Bank of India, which now offers around eleven months of import cover — underpinning the resilience of India's external finances. Analysts believe further accumulation is likely in the near term.

5. Government Overhauls Regulations To Strengthen Coastal Shipping Growth

The government has introduced sweeping reforms in maritime regulation to boost domestic coastal shipping. The newly enacted Coastal Shipping Act, 2025 replaces outdated legislation and removes licensing hurdles for Indian-flag vessels. By simplifying procedures such as sign-on/off formalities and shifting oversight from immigration to port authorities, the measures aim to cut red-tape and enhance competitiveness of coastal trade. The reforms align with the national push to exploit the 7,500 km coastline and raise coastal cargo share by 2030.

6. Karnataka Coffee Industry Gets New Leadership Team

Karnataka Planters Association (KPA), the apex body representing coffee growers in Karnataka, has elected a new leadership team during its 67th Annual General Meeting held on 18 November 2025 in Chikmagalur. M Salman Baseer has taken charge as the Chairman, while M C Kariappa has become the Vice-Chair. Their leadership comes at a crucial time because Karnataka contributes nearly 70 percent of India's total coffee production. The industry continues to face challenges related to climate change, labour shortages, fluctuating global prices and rising production costs.

7. RBI Moves Ahead With Linking UPI And TIPS To Simplify India–Eurozone Payments

The Reserve Bank of India (RBI) has begun the realisation phase of linking India's domestic instant payments platform Unified Payments Interface (UPI) with the TARGET Instant Payment Settlement (TIPS) system operated by the Eurosystem. The integration aims to enable faster, cheaper and more transparent cross-border remittances between India and Euro-area countries. It marks a strategic step in extending India's digital payment infrastructure globally, reducing reliance on legacy channels and lowering transaction frictions.

8. IIM Ranchi Secures AMBA Accreditation and Earns Four Palms in Global Eduniversal 2025 List

2. SEBI Updates Materiality Norms for Related Party Deal Disclosures by Companies

SEBI has revised its framework for material related-party transactions (RPTs) for listed companies by introducing tiered materiality thresholds based on annual turnover rather than a single fixed cap. Entities with turnover up to ₹20,000 crore will now treat an RPT as material if it exceeds 10 per cent of turnover. For entities between ₹20,001 crore and ₹40,000 crore the threshold is ₹2,000 crore plus 5 per cent of turnover above ₹20,000 crore. For those above ₹40,000 crore it is ₹3,000 crore plus 2.5 per cent of turnover above ₹40,000 crore, capped at ₹5,000 crore. Disclosure and audit-committee approval requirements have also been eased for smaller value transactions.

3. RBI Bulletin Highlights Strong Economic Activity Driven by Festive Buying and Steady Consumption

The November 2025 bulletin of the RBI notes that India's economy gained momentum in October thanks to robust festive-season spending, strong urban consumption and persistent rural demand. Key reforms—such as reductions in goods and services tax rates and interest rate cuts—helped refresh domestic activity despite global headwinds. Financial conditions remain favourable, inflation has cooled sharply, and the central bank sees the economy entering a cycle of rising investment and growth.

The fifth edition of India Internet Governance Forum (IIGF) 2025 will take place on 27–28 November in New Delhi under the theme “Advancing Internet Governance for an Inclusive and Sustainable Viksit Bharat.” The Forum will bring together government, industry, civil society, academia and technical community to discuss India’s digital future. Discussions will focus on three sub-themes: Inclusive Digital Future; Digital Infrastructure for Resilient and Sustainable Growth; and AI for People, Planet and Progress. The event aims to shape the nation’s internet governance toward inclusion, sustainability and responsible AI use.

5. MapmyIndia Joins Hands with Zoho CRM to Develop India’s First Home-Grown Location Intelligence Solution

MapmyIndia and Zoho have announced a collaboration integrating MapmyIndia’s “Address Capture” and “Nearby Lead Finder” tools directly into Zoho CRM. This integration enables businesses to visualise customer locations,

capture verified addresses, find potential leads nearby, and optimise field-sales routes — all using fully Indian mapping infrastructure. The move is part of a push for “Swadeshi” digital solutions, offering enterprises a location-aware, privacy-focused alternative to global mapping services while strengthening the local tech ecosystem.

1.China Plans Nuclear-Shielded Artificial Floating Island Project

China is developing a massive, semi-submersible floating artificial island designed to withstand nuclear blasts and extreme sea conditions. The 78,000 tonne twin-hull platform is described as a “mobile, self-sustaining” structure capable of housing 238 people for four months without resupply. Official commentary presents it as a deep-sea research facility, but its defensive design and sea-power implications have raised strategic and geopolitical questions. The project targets operational status by 2028.

2. Inquiry Underway After Tejas Fighter Jet Crashes During Airshow Demonstration

An Indian Air Force Tejas fighter jet crashed during a low-altitude aerobatic display at the Dubai Air Show, resulting in the death of the sole pilot. The incident occurred as the aircraft executed a negative-G roll and lost control close to the runway at Al Maktoum International Airport. A court of inquiry has been constituted by the Indian Air Force to determine the cause of the crash, with investigations covering mechanical, control-surface and procedural possibilities.

3. Ethiopian Volcano Hayli Gubbi Awakens After 12 Thousand Years, Ash Disrupts Flights

The long-dormant Hayli Gubbi volcano in Ethiopia's Afar region erupted for the first time in an estimated 10 000–12 000 years, sending ash plumes up to around 14 km into the atmosphere. The ash cloud travelled across the Red Sea, Yemen and Oman, and reached parts of northern India, causing significant disruption to flight operations and prompting aviation advisories. Though no casualties have been reported, the event has raised concerns over air quality, engine safety for aircraft, and the broader implications of volcanic activity.

4. Pellet Plant Unveiled and Bio-Ethanol Project Foundation Laid in Haryana by Minister Pralhad Joshi

The Union Minister for New and Renewable Energy inaugurated a biomass-pellet plant in Rewari, Haryana, with capacity of about 240 tonnes per day, and laid the foundation stone for a bio-ethanol facility. These projects aim to convert agricultural residue into clean energy, support the country's push for higher ethanol blending and provide additional income streams for farmers. The initiatives align with national goals on renewable fuel and stubble-burning reduction.
